- » Advantageous geographic location with ready access and a short flight distance to a majority of North American consumer markets, as well as Asia – European markets
- » Developed infrastructure connecting the transportation ports
- » Working hand in hand

Van Buren Township stands at the very epicenter of the Detroit Region Aerotropolis master plan. This developmental collaboration provides companies with a comprehensive, integrated offering of facilities, amenities and services to conduct business on a global scale. Van Buren Township’s DDA District is strategically located, making it a premier community in which to live, work and play in southeast Michigan.

The DDA invites you to accelerate your business by taking advantage of world-class opportunities in the Detroit Region Aerotropolis. You can capitalize on economic development and job creation in this fast-growing zone. The Detroit Region Aerotropolis will work with you to coordinate supply chain infrastructure by fostering partnerships with existing businesses and economic development entities, both locally and across Michigan. Its comprehensive package of investment, expansion and relocation incentives can support your business needs. The Detroit Region Aerotropolis is a transformative entity for the region’s growing role as a transportation hub with ready connections to North America and the world.
